Poloff delivered Ref A white paper on the Global Initiative to Combat Nuclear Terrorism to Samer Naber, Deputy Director of the Americas office at the Jordanian Ministry of Foreign Affairs on June 3. Naber indicated that Jordan would attend the GICNT meeting at the "highest possible" level, although the delegation list was not finalized. The Jordanian military, nuclear regulatory commission, and MFA staff will all likely be part of the team. Naber also confirmed that Jordan was planning a presentation for the meeting, as requested.
